**DEAF MUTES IN  
CONVENTION HERE**

Hundred Members Hold Reception at Jefferson Hotel Last Night.

TO BE ANNUAL AFFAIR

Business Meeting Begins This Morning, When Permanent Organization Will Be Effected.

In the receiving line in the lobby and balconies of the Jefferson Hotel during the early hours of last night, between seventy-five and 100 deaf mutes, in attendance upon the convention in session here, made each other's acquaintance and were made welcome by the entertainment committee. Many of them were attended by other members of the family, and the reception was not entirely a silent affair, although digital conversation formed the large part of that which passed.

The business session will begin this morning in the Jefferson Auditorium, when addresses will be made by J. B. Tucker, of Richmond, L. B. Brushwood, of Hampton, and others. It is expected that the number in attendance will be doubled by that time. One of the objects of the meeting is the naming of the association and the arrangement for annual meetings. That they can enjoy themselves through social discourses was shown last night, and it is supposed to add to the attractiveness of the convention.

Meeting This Morning.

The information this morning will be delivered by Rev. J. W. Michaels, and speeches, the election of a temporary chairman and the appointment of committees will follow. A photograph of the delegates will be taken in the afternoon, the committee will make their reports, and unfinished business will be transacted. A banquet at the Jefferson this evening will be followed by dancing.

To-morrow will be given to the election of officers and a sightseeing tour of the capital. Readings will be held at night, and a picnic at Forest Hill Park will be the feature on Thursday.

The following committee has charge of the gathering: Arthur G. Tucker, chairman; Meade R. Dalton, Lewis Long, Lester R. Wickline, Marcellus J. Lamb and L. E. Brushwood.

The following official chaperones have been appointed: Mrs. R. L. Chiles, of Richmond; Mrs. A. G. Tucker, of Richmond; Miss May Barrow, of Farmville; Mrs. Lizzie Capps, of Blanche, W. C.; Mrs. W. C. Ritter, of Newport News; Mrs. C. Jones, of Staunton, and Mrs. F. L. Lindsay, of Charlottesville.

**LARGER VOTE IS  
ANTICIPATED**

For purposes of comparison when the returns are received, Thursday primary for Congress between Captain John Lamb and ex-Governor A. J. Mumfries. The Times-Dispatch has been requested to print the official vote of the district in the last primary.

The official vote, as canvassed and certified by the District Democratic Committee following the primary between Captain Lamb and Judge T. J. Mumfries, held on August 5, 1910, was as follows:

	Lamb	Wickham
Richmond	2,060	1,850
Williamsburg	2,060	1,850
County	2,060	1,850
Charles City	2,060	1,850
Greenland	2,060	1,850
Hampton	2,060	1,850
Henrico	2,060	1,850
James City	2,060	1,850
King William	2,060	1,850
New Kent	2,060	1,850
Totals	2,060	1,850

Grand total, 2,060.

Lamb's majority, 110.

It is concluded that the vote in Thursday primary will be much larger throughout the district, and especially in the city of Richmond, where a much larger number of voters have qualified in order to take part in the administrative Board primary on September 10. The Lamb-Wickham fight the total vote rolled in Richmond was only 3,910. The vote in this city on Thursday is estimated as being between 5,000 and 6,000, many people predicting that the vote in Richmond alone will be greater than in the entire district two years ago.

(Special to The Times-Dispatch.)

The hotel was full of guests, but no one was hurt. The building, contents and valuables of the guests were totally destroyed.

**ARRESTED FOR SPEEDING**

County Officers Swear Out Warrants for Two Motor Car Owners.

Warrants were sworn out before Magistrate T. J. Puryear yesterday for the arrest of M. E. Wright, of 2621 Grove Avenue, and G. W. Lunsford, of 85 Locust Avenue.

For exceeding the speed limit in their automobiles Sunday afternoon. The complaints were made by County Officer J. R. Tiller, who saw Mr. Lunsford going at what he thought was too high speed on the Brook Road, and Mr. Wright driving at a pretty rapid rate on Chamberlain Avenue, in the county.

All that the officer could do at the

time as to take the numbers of the machines, whose owners were identified yesterday by the license books in the office of the Secretary of state. The warrants will be served this morning, and the cases may be tried to-day before Magistrate Puryear.

Other times have caused nearly all of the arrests that have been made in the county this summer for "speeding," and he had an especial lookout for offenders Sunday. He tried to overtake the machines on his bicycle, and he holds the fact that they got away from him as proof of the violation of the law.

onslaught on the penitentiary, but after a sharp engagement they were driven back. Three hours later the attacking force moved around to the eastern side of the capital and directed its fire on the government troops defending that portion of the city, but was again repulsed.

The bombardment was begun in violation of the armistice arranged by the opposing armies on Saturday and despite protests made by the American minister, George Wetzel, dean of the diplomatic corps, and by Captain Warren J. Terhune, commander of the United States gunboat Annapolis, now stationed off Corinto, and from which vessel a detachment of bluejackets and marines were dispatched to this city to protect the lives and property of Americans.
